

HCR4

'4-BOLTED CARTRIDGE SEAL' SPECIFICATION SHEET

- ▶ **Cartridge seal unit**
- ▶ **Bolt-fitted**
- ▶ **Balanced**
- ▶ **O-ring mounted**
- ▶ **Grub-screw driven**

Cartridge seal replacement to suit Vertical Multistage pumps with bolt-in installation via a seal plate with 4 holes.

The balanced design makes this o-ring seal type suitable for high-pressure applications

- ▶ **Operating conditions**

Temperature: -20°C to +150°C
Pressure: up to 17 bar, 250 psi

- ▶ **Materials**

SIC/SIC/EP

EQUIVALENT
