

HSAL

'SMITH & LOVELESS SEAL' SPECIFICATION SHEET

- **Single Mechanical Seal**
- **OEM Replacement**
- **Silicon Carbide Face**
- **Fully interchangeable**

HSAL is fully interchangeable with original Smith & Loveless seals. The rotary face uses Silicon Carbide (SiC) instead of Ceramic (CER), longer-wearing and more appropriate for sewage pumping and protection against thermal shock.

► **Materials**

Rotary Face: Silicon Carbide
Stationary Face: Carbon
Elastomers: NBR
Metal Parts: Stainless Steel

PARTS

- A** X-Ring (Quad-Ring)
- B** Stationary Face
