

HSKC-118MM

'SYKES - 720618'

SPECIFICATION SHEET

- **Double Cartridge Seal**
- **Replaces OEM: 720618**
- **Suits Sykes / Primax Pumps**

HSKC-118MM replaces the double mechanical cartridge seal assembly "720618" used in many Sykes / Primax dewatering pumps.

The seal utilises an inboard balanced seal face design. Components are housed in an assembly allowing containment of a lubricating fluid.

The outboard seal is available as optional mechanical seal face design, rather than original "Inpro" seal.

Supplied cartridge units **exclude the upper gland plate**.

► Material Options

Rotary Face:	SiC
Stationary Face:	TC
Elastomer:	V
Metal Parts:	316SS standard

► Wear Face Kit

HSKC-118MM is also available as:

Inboard face kit: containing only the rotary (B) and stationary (C) seal faces.

(Optional) Outboard face kit, if mechanical seal face design is required.

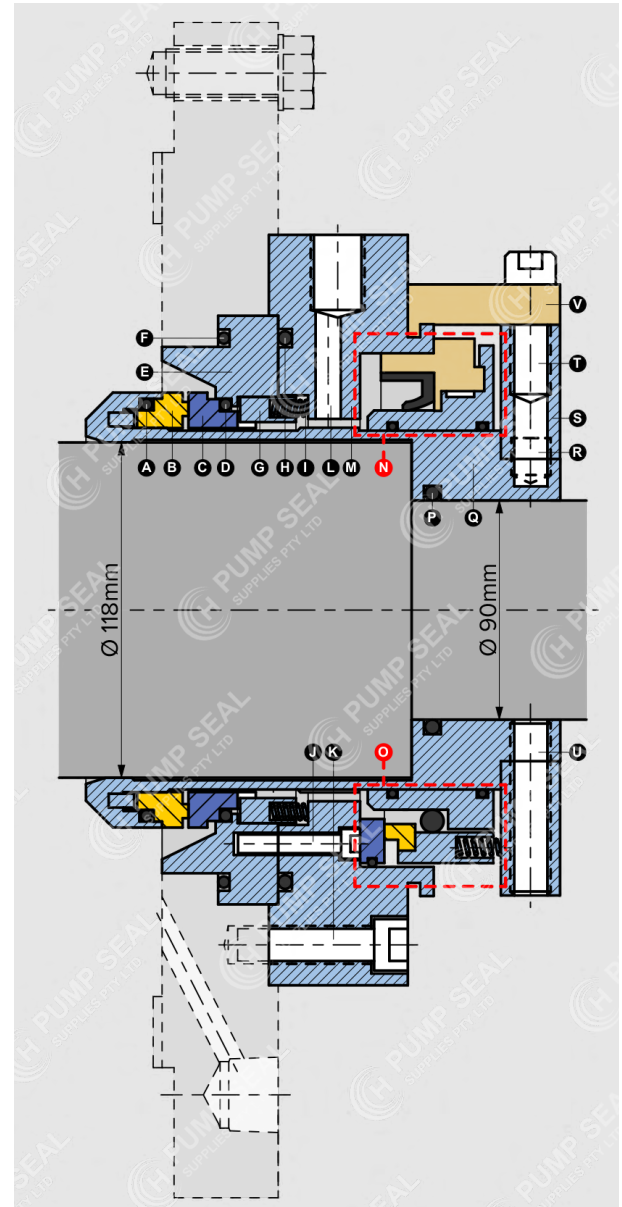

Used for repairing existing cartridge units. Requires assembly, not recommended for inexperienced users.

PARTS

- A Rotary O-ring
- B Rotary Face / Ring
- C Stationary Face / Ring
- D Stationary O-ring
- E Gland Plate - Lower
- F Gland Plate O-ring
- G Spring Holder
- H Gland Plate O-ring
- I Multi-Springs
- J Socket Head Cap Screw
- K Socket Head Cap Screw
- L Flush Port
- M Flush Housing
- N Inpro Seal (Standard)
- O Mech. Seal (Optional)
- P Sleeve O-ring
- Q Sleeve
- R Set Screw (Dog Point)
- S Locking Collar
- T Socket Head Cap Screw
- U Set Screw
- V Setting Clip
