

HSKC-75MM

'SYKES - 75MM CARTRIDGE SEAL' SPECIFICATION SHEET

- ▶ Suits Sykes pumps
- ▶ 75mm seal
- ▶ Replaces OEM: 38-0300-2100
- ▶ Balanced double cartridge seal
- ▶ Back-to-back face design

HSKC - 75mm is designed to replace the double mechanical cartridge seal assembly in Sykes pumps. The seal utilises a back-to-back multi-spring balanced seal face design as per original, and allows for a contained lubricating fluid reservoir.

Optional wear face replacement kit available on request.

▶ Material Options

Rotary Face: SiC or TC
 Stationary Face: SiC or TC
